

# SEYMOUR DAILY REPUBLICAN

VOLUME XXXIV NO. 229

SEYMOUR, INDIANA, THURSDAY, SEPTEMBER 9, 1915

PRICE TWO CENTS

## MANY COLLEGES CLAIM STUDENTS

Seymour Will be Well Represented in  
Schools in Indiana and  
Other States.

### FALL TERMS OPEN SOON

Indiana, DePauw and Purdue Claim  
Largest Delegations of Local  
Students.

Vacation days for the college students will come to a close this week and next week the open season for the rah rah boys and girls will be on in earnest. This week is being devoted to gathering the books and packing the trunks and getting everything in readiness for the advance on the classic centers of learning. Already the advance guard of collegians has left Seymour, and by next Monday most of the students will be on their way.

Seymour and Jackson county will be well represented at practically all of the state schools, while many will go outside the borders of Hoosierdom to seek enlightenment. There will be an unusually large number of first year students at the various colleges and no doubt several of these Freshies will be offered the rare opportunity of buying a season ticket for chapel exercises or some equally attractive investment by some experienced and sophisticated Sophomore. The list which follows, as compared with lists of former years as published in the Republican, shows a substantial increase in the number of Seymour collegians. The State University at Bloomington is apparently the most popular with local students, with DePauw running a close second. Purdue also claims a good number and the other schools all have from one to four representatives.

Those who will attend Indiana University are: Kathryn Hancock, Ray Himebaugh, Tom Galbraith, Charles Trumbo, Esther Bush, Carl Osterman, Joe Swope, Mary Mack, Harold Graessle, Walter Voss, Ada Cordes, of Seymour, Claud Brodhecker, Omer Kent, May Kent, Frank Pragy and Ethel Lahrman, of Brownstown, Raymond Craig and Herbert Craig, of Reddington.

DePauw: Fred Bacon, Joe McDonald, Reginald Brinklow, William Beyer, Roy Niehaus, Merrill Steele, Lura Carnes, Ethel Rottman, of Seymour, and Rose Nell Zaring, of Brownstown.

Purdue: George Schleter, Wilford Geile, Volney Carter, Linton Brewer, Walter Abel, of Seymour, Emil Zabel, of Brownstown.

Franklin: Arthur Enos, Edna Smith, Mary Lewis, Irene Green.

University of Cincinnati: Doris Geile, Philip Cordes.

Metropolitan School of Music, Cincinnati: Leland Bridges.

Hanover: Lynn Faulkner, Seymour, and Clyde Brodhecker, of Brownstown.

Indiana Medical College, Indianapolis: Edgar Welsh, Maurice McKain, Brownstown.

Oberlin, O.: Mary Gillespie.

Western, Oxford, O.: Catherine Kessler.

St. Louis Theological Seminary: Lawrence Acker.

Concordia Seminary, Ft. Wayne:

William Schroer and Carl Ahlbrand, River Forest, Ill.; Julius Ortstadt, of Seymour, Louis Beckman and Christopher Koester, of Sauers, University of Chicago; Orville Bottorff.

## LARGE CROWD ATTENDS RED MEN'S HALL DEDICATION

One Hundred From Seymour Present  
and Took Part in Exercises  
of the Evening.

One of the largest crowds that ever attended a similar meeting in this part of the state was present at the dedication of the new Red Men's hall at Crothersville Wednesday evening. The exercises were open to the public and many visiting Red Men and Pocahontas were present for the occasion. The drill team of Chickakeith Tribe No. 405, of this city, gave an exhibit drill which was highly commended. An entertainment was furnished by the Pocahontas. A banquet was also served.

Past Grand Sachem Roy W. Emig, of Columbus, and other prominent Red Men, were on the program for addresses, and the event proved a most enjoyable occasion. More than one hundred local people were present.

The new hall was only recently completed and gives the Crothersville Red Men a commodious and attractive lodge home.

## ROSH HASHONAH FESTIVAL OBSERVED BY MANY JEWS

This is Beginning of New Year According to Jewish Calendars—  
Yum Kippur Sept. 18.

Rosh Hashonah, the Jewish New Year Festival, is being celebrated today. The annual festival began at sunset Wednesday night. Two days are observed by the orthodox Jews as it is not definitely settled which is the correct date. The Reformed Jews recognize but one day.

While the secular New Year, on Jan. 1, is a day of gratification, when men rejoice in what they have achieved, the Jewish New Year is a day for serious thought and pious contemplation, and the antique features of the ritual of the day, as exemplified in the synagogues and temples, do much to bring this about. In addition to the special services, the occasion is marked by much visiting among friends, and the furthering of the spirit of fellowship and kindness.

The holiday was not observed by all the local stores of Jewish ownership. However, Yum Kippur, another Jewish holiday will be celebrated on September 18 and practically all Jews will observe the day.

## WET WEATHER HAS DAMAGED THE LOCAL TOMATO CROP

Canneries Expect Pack to be About  
One-third of That in  
Former Years.

The continued wet weather has proven disastrous to the tomato crop and the local canneries are in operation only part of each week. Postmaster Swope, who is interested in the factories at Rockford and Crothersville, said he did not believe the pack this season would be more than one-third of what it usually is.

The canning factories are taking care of the tomatoes received as rapidly as possible. The pack will be over in about ten days, it is believed. Many growers say that their crop has been damaged to such an extent this year that it will not be a paying investment. As a general thing tomatoes are profitable and at the same time beneficial to the soil.

## COUNTY COUNCIL COMPLETES WORK

Total of \$106,677 Appropriated for  
Various Departments of  
the County.

### KNIFE IS USED ON REQUESTS

Additional Appropriation of \$15,000  
for New Bridges and Other  
Expenses for 1915.

Appropriations totaling \$106,677 were made by the county council before adjournment Wednesday afternoon. The body was in session two days, as required by law, and heard several persons interested in securing appropriations. The big knife was used on several requests, and none of the departments of the government was given as much as requested.

The list of appropriations includes \$13,625 for new bridges. Besides that amount a sum of \$15,000 is appropriated for bridges and other expense for this year. The commissioners have decided that several new bridges must be built and estimate the cost at around \$15,000. The awards were scheduled to be made at this session of the commissioners' court, but all the bids were rejected and after the specifications are changed as ordered readvertisement for bids will be made. Several appropriations, such as money for the return of fugitive prisoners, are made so that money would be available such occasion demand its expenditure. In case it is not spent it will revert to the general fund.

A total of \$3,545.50 is appropriated for assessing in all townships. The largest amount is \$925 for this township. The second largest is \$500 for Brownstown township. The council also appropriated \$3,800 for general election expense. The tax levy for 1916 will be the same as during the present year.

The appropriations made are:

|  |           |
|--|-----------|
| Clerk of Court, salary, per diem & office expense      | \$3148.00 |
| Auditor, salary, and office expense                    | 4050.00   |
| County Treasurer, salary and office expense            | 4000.00   |
| County Recorder, salary and office expense             | 2150.00   |
| County Sheriff, salary, expense and board of prisoners | 3900.00   |
| County Surveyor, office expense                        | 323.60    |
| Superintendent, salary and office expense              | 1758.50   |
| Assessor, salary and office expense                    | 1010.00   |
| Coroner, expenses                                      | 400.00    |
| Commissioner, salary and expenses                      | 1100.00   |
| Health Commissioners, salary and expense               | 480.90    |
| County Council, salary                                 | 70.00     |
| County Attorney, salary                                | 500.00    |
| Board of Review, salary                                | 390.00    |
| Traut Officer, per diem and expense                    | 310.00    |
| Assessing all townships: Driftwood                     | 192.50    |
| Grassy Fork  | 200.00    |
| Brownstown   | 500.00    |
| Washington   | 193.50    |

(Continued on page 7, column 4.)

## PRECEDENT SET FOR BELL TRIAL

Judge Eichhorn Rules all Veniremen  
Interested in Election Will  
be Excused.

### "SAFER COURSE TO PURSUE"

Motion by Deputy Prosecutor Roach  
Who Asked Removal of Huls-  
kamp, Sustained.

By United Press.

Indianapolis, September 9—By one decision today Judge Eichhorn eliminated from jury service in the Mayor Bell election conspiracy trial all the veniremen who served as officers or were directly interested in the election in question.

The ruling came following a motion by Deputy Prosecutor Roach who asked the removal for cause of Colby B. Hulskamp, who was a democratic precinct committeeman. Roach asked his removal on the grounds of "implied bias." It was the first victory for the attorney who read his law while a convict for murder in the Michigan City prison.

Judge Eichhorn made his ruling on the grounds that it was the "safer course to pursue." The ruling established a precedent for the trial.

The state today used its second and third peremptory challenges, excusing Jacob A. Power, a farmer, from jury service.

When Roach discovered H. W. Ankenbrock, a bartender since boyhood, was personally appointed with Thomas Taggart in the indictment he went deeply into the venireman's affairs. Ankenbrock said he had never attended bar at the French Lick casino nor stopped at Mr. Taggart's Hotel. He is a democrat. The court would not allow Roach to ask him if he would be "influenced indirectly that he owed his livelihood to Mr. Taggart."

The defense used two of its pre-emptory challenges shortly before noon. Joseph Seerley, who said yesterday he had some opinions on the case, was dismissed by the defense after he had failed to establish cause. Seerley broke down and cried when reference was made to the illness of his daughter.

William Spray, mail carrier, was the second one dismissed by the defense.

In questioning Spray, the defense indicated it believed the trial might continue for six or eight weeks or even longer.

The jury was passed back and forth between the state and defense many times today.

## AMERICANS IN LONDON AT THEIR OWN RISK

This is Unofficial Opinion of State  
Department Given After  
News of Raid.

(By Chas. P. Stewart, United Press Correspondent.)

Washington, September 9—Americans are in London at their own risk. This was the view unofficially given at the state department today on arrival of United Press dispatches in Washington telling of a Zeppelin raid on the British capital and reading between the censor's lines it appeared that the aerial bombardment was against the downtown hotel district where visitors from this country are most numerous. London, it was stated, is undoubtedly a fortified city.

This was declared to mean that the attack was justified by international law and foreigners there must take their own chances.

## GRAND DUKE NICHOLAS QUIETLY LEAVES CAPITAL

Russia's Greatest Hero Until Few  
Weeks Ago Departs For  
the Caucasus.

By United Press.

Petrograd, September 9—The czar is expected to leave for the front within forty-eight hours. The grand duke Nicholas demoted from the position of commander-in-chief, left last night for the Caucasus where he becomes Viceroy.

The czar accompanied the grand duke to the station and bade him an affectionate farewell. Only a few of the grand duke's most intimate friends were in the party. The great mass of the public knew nothing of his departure. The man who was Russia's greatest hero until a few weeks ago made his way silently out of the capital.

## RUSSIANS REPORT VICTORY IN BATTLE BEFORE TARNOPLE

Re-enforced German Divisions Hurlled  
Back and 1,000 Officers and  
Men Taken.

By United Press.

Petrograd, September 9.—A decisive victory in the fighting before Tarnopol was announced by the war office early today as the czar took command of the Russian army.

Two German divisions, re-enforced by an Austrian brigade and heavy and light artillery, were hurled back in an attempt to throw the Slavs out of Galicia. The Russians counter attacks are driving the enemy westward. The Austrian-German losses totaled more than 200 officers and 8,000 men.

### Arabic Note Arrives.

By United Press.  
Washington, September 9.—The Germany note concerning the Liner Arabic reached the state department this afternoon.

### Medora Chautauqua.

The Medora chautauqua closes tonight. The first assembly there has been in progress since Sunday afternoon and has been largely attended. It is announced that the chautauqua has been financially successful. The crowds have heard excellent programs.

### Notice.

## DESTRUCTIVE AIR RAID ON LONDON

Twenty Persons Killed and Eighty-  
eight Wounded by Bombs  
From Zeppelins.

### HEART OF CITY ATTACKED

Large Portion of American Colony  
Resides in District Where  
Explosives Fell.

By United Press.

New York, September 9—The most destructive air raid in history was made on London last night. The British press bureau admitted this afternoon that at least twenty persons were killed and eighty-eight wounded.

Private messages indicated that the raid was on the very heart of London.

An interview with Marconi, which the censor allowed the United Press correspondent in London, revealed that he witnessed the raid and it is known he stops at a hotel near Trafalgar Square. This was the first definite statement that the raid was directly over London, permitted to pass the censor.

A large portion of the American colony resides in Trafalgar Square district, a section of large hotels and clubs.

By United Press.

London, September 9—Twenty persons were killed and eighty-eight wounded in last night's Zeppelin raid on London.

All the killed and wounded were civilians, except that one soldier was killed and three wounded.

The dead are: twelve men, two women, six children.

Forty-eight men, twenty-seven women and thirteen children were wounded.

## ZEPPELINS WERE SHELLED BUT RETURN IN SAFETY

Berlin Message Says Aerial Bom-  
bardment of the London Docks  
Was Satisfactory.

By United Press.

Berlin, September 9—German Zeppelins have bombarded the London docks with satisfactory results, it was officially announced this afternoon. The Zeppelins were heavily shelled, but returned undamaged, it was stated.

## AEROPLANES FLEW OVER SUBURBS OF PARIS TODAY

Large Number of Bombs Dropped,  
But Extent of the Damage is  
Not Known.

By United Press.

Paris, September 9.—German aeroplanes flew over the suburbs of Paris early today, dropping a large number of bombs. The extent of the damage is not yet known.

## History of Seymour Tuesday Club

(By Mrs. W. F. Pfaffenberger.)

There were clubs and rumors of clubs. There were aspirations widespread among the minds of the women of Seymour. "To be or not to be"—that was the question. Whether 'twere nobler to quench those longings, to remain each in her little conservative nook or to launch out upon unknown seas, to broaden her mental horizon in the world of club life. After many qualms a few brave souls invited a few other eager women to meet with them to organize a women's literary club in the city of Seymour, the purpose of the club to be mutual study and social enjoyment.

After considerable discussion in regard to a name for the new club ranging from Greek and Latin derivatives to the simplest cognomen, the club modestly adopted the name, "The Seymour Tuesday Club." Only twice, once on account of a death and once on account of city scarlet fever quarantine have they failed to hold their regular meeting on Tuesday of alternate weeks.

A constitution and by-laws were discussed and unanimously adopted. And thus was launched upon the sea of Fate the Seymour Tuesday Club. This sea has been placid, the few storms have but welded the members more firmly together.

At this first meeting the following officers were elected:

- President, Mrs. Zoe St. John Williams.
- First Vice President, Mrs. Maud M. Parrish.
- Second Vice President, Mrs. Edith M. Pfaffenberger.
- Secretary, Miss Nina Ewing.
- Treasurer, Mrs. Lucy Remy.

After a discussion as to the line of study the matter was left to the discretion of the first programme committee, Mrs. Agnes Lewis, Mrs. Martilla St. John and Mrs. Katherine Faulkner, who hurriedly prepared a very modest program which was given at the next meeting:

- Subject: Maurice Thompson. Response to Roll Call. Current Events. His Biography—Mrs. Pfaffenberger.
- Review—Alice of Old Vincennes—Mrs. Lewis.
- Poem—Mrs. Roach.
- Music—Mrs. Peters.
- Place of Meeting—Mrs. Emma Shields.

The pink and white carnation was adopted as the club flower. By the third meeting the committee had arranged the program for the year, consisting of English history from legendary years up to the present, literature from Chaucer to Alfred Austin, interspersed with current events, book reviews and music.

In these early days when club life and parliamentary procedure were new to many of the members there occurred painful silences followed by hilarious motions with amendments to amendments ad infinitum. But rapid was the improvement in this direction.

An early social event was an invitation to attend an open meeting of the Nike art club of Seymour.

Sept. 24, 1901, after the summer vacation the club again convened. The study of England including Ireland, Scotland and Wales was continued until February, the year being brought up to June by reading Shakespeare. This year the club joined the State Federation of Women's Clubs, thus gaining many advantages and assisting in the state work.

Feb. 11, the members of the Tuesday club invited about fifty lady friends to their first open meeting. One feature of this meeting was original poetry, gay and serious ranging from couplets throughout the entire gamut to some creditable rhythmic lines. With the president acting as toastmaster, toasts were responded to covering all phases, grave and humorous, of club life among women.

In discussing the subject for study for the year Sept. 1902-June 1903, suggestions ranged from English literature, Ruskin, miscellaneous, to Egypt; Egypt the land of the Sphinx and the Ptolemies, was adopted. The study comprised Egyptian mythology, science, industries, climate, natural resources, manners and customs, cities, temples, sphinx, obelisks, music, sculpture, painting, pottery, tombs and mummies, pyramids compared with those in other lands, Egyptologists, reviews of novels pertaining to Egypt, Hebrews in Egypt, Egyptian literature and especially history from the earliest known time to modern days. Mr. Birge, of St. Louis, who had traveled extensively in Egypt, delighted the

club members and their lady and gentlemen friends at an Open Meeting this year with an illustrated lecture, "Up the Nile through Egypt and the Orient."

September, 1903, the club began the study of Greece, her myths, legends, Olympic games, social life, Parthenon, cities, drama, oratory, philosophy, history and wonderful literature of the land of Hesiod and Homer. For the first time delegates were sent to the state conventions, taking a report of the year's work and bringing back interesting and enthusiastic reports of the study pursued and work accomplished by sister club women throughout the state. At the Open Meeting this year, Mrs. May Wright Sewall, of Indianapolis delivered an address on "The Open Mind."

A feature of the following year was a systematic study of Parliamentary Law. The subject studied was Rome—women, home life, customs, religion, roads, aqueducts, gladiators, coliseum, forum, St. Peter's, the Ghetto, warriors and statesmen, modern Rome and particularly the wonderful history. This year Mrs. Mummert, State President of the Federation of Women's Clubs addressed the ladies and their guests.

Having enjoyed Rome so much the club decided to study Italy, the cities, eminent men, architecture, art, literature and history. Dr. Fletcher as the feature of the Open Meeting completed a delightful year with a Trip to Sunny Italy. This year the club had charge of a series of ten practical lectures on Domestic Science delivered by Miss Vawter of Chicago.

In 1906 for the first time the Traveling Library was procured from Indianapolis for use in the club work. Study for this year was Russia, the country, people, physical features, language, customs, cities, literature, government, education, architecture, music, nihilists, Jews, Poles, Siberia, history closing with the Russo-Japanese war. Dr. Hurlstone, of Indianapolis, delivered a lecture on the subject, "The Friendship of Books."

The two years following, the club studied Germany—history, literature, music and art, political life, military system, country life, education, philosophy, Germany of modern times. They entertained the Convention of Women's Clubs of the Fourth District in the Elks' club rooms with representatives of various clubs from Rising Sun, Madison, Aurora, North Vernon, Greenwood, Franklin, Columbus and Seymour. A luncheon with delightful toasts was followed by an afternoon program including among the speakers Mrs. Kinsey and State President Mrs. Grace Julian Clarke. Soon after this the club attended by invitation a union meeting of the clubs of Columbus. Also they contributed to the Robert Dale Owen memorial fund. As a sequel to the study of Germany guests were invited to enjoy with the club a talk by one of the members, Miss Kate Jackson, on Germany.

September, 1909, the club began the study of France; origin as a nation, manners, customs, hymns, religions, distinguished women, philosophers, art, history and literature. During these later years a prominent place is given to discussions. The sale of Red Cross stamps was inaugurated and carried on for two years. The club also had charge of the St. Gaudens Exhibit at Dreamland. The first Reciprocity Day meeting was held, Miss Fitch, chairman of this district, giving a short talk on federation work, followed by Mrs. R. Harry Miller, assisted by Mrs. Peter in the "Story of Carmen." A delightful Open Meeting presented Prof. Clark, of Chicago University, in a lecture on Hugo's Les Miserables.

The year following was devoted to the cities, women, costumes and customs, art, literature and music, of Spain. The club furnished a room in the Schneck Hospital. This year and the one following they had charge of the Indiana Art Exhibit which proved so beneficial that today it has grown into a separate permanent organization, the Seymour Art League.

At the second Reciprocity Day meeting, Mrs. Clarke addressed the ladies with, as guests, the music and two literary clubs of Seymour.

The following year the club left the study of nations for awhile and considered the English novel, romantic, realistic, idealistic, beginning with the days of Richardson and Fielding, closing with the comparison of the old and new English novel.

Next came English poetry from

earliest date to Fitzgerald, Matthew Arnold and Swinburne. Dr. Tillotson furnished an entertainment to the club and guests, by readings from Kipling. On Reciprocity Day the Culture club of Columbus were guests and furnished the program.

1913-1914, the English novel and English poetry was followed by a year's study of the English drama, its origin, miracle plays, birth of English comedy and tragedy, up to the moderns Bernard Shaw and Jerome K. Jerome.

Reciprocity Day was observed by the members with a lecture on "Eugenics" by Dr. Clous, of Columbus. The Open Meeting was addressed on "The Drama" by Prof. Jenkins of Bloomington University.

Last year the club studied "Brave Little Holland," her dikes and windmills, her people, women and cooking, cities, religious freedom, laws, flowers and universities, literature, music and art, history including the career of the present Queen Wilhelmina. The Magazine club of Columbus furnished the program for Reciprocity Day. The guests at the Open Meeting were addressed on "Holland" by Mr. Brown of the Heron Art Institute.

The following have served as presidents of the Seymour Tuesday Club since the organization: Mesdames Zoe St. John Williams, Emma Shields, Ida Montgomery, Agnes Lewis, Katherine Faulkner, Laura Swope, Anna Brown, Edith Pfaffenberger, and Rose Carter.

The club study for next year will be Woman. Her Aspirations and Achievements.

The officers for 1915-1916, the fifteenth year of the existence of the club are:

- President—Mrs. Groub.
- First Vice President—Mrs. Mott.
- Second Vice President—Mrs. Shiel.
- Recording Secretary—Mrs. Sandau.
- Corresponding Secretary—Mrs. Marie Smith.
- Treasurer—Mrs. Shields.
- Program Committee—Mrs. Faulkner, Mrs. Williams, Mrs. Peter.

The members are as follows, the first twelve of whom are charter members—Mrs. Anna C. Brown, Mrs. Katherine Faulkner, Mrs. Luella Groub, Mrs. Ida Montgomery, Mrs. Nora Miller, Mrs. Minnie Peter, Mrs. Edith Pfaffenberger, Mrs. Lucy M. E. Remy, Mrs. Ida M. Sandau, Mrs. Marie Smith, Mrs. Mary Shiel, Mrs. Zoe St. John Williams, Mrs. Rose Carter, Mrs. Mayne Cox, Mrs. Milson M. Groub, Miss Katherine Jackson, Mrs. Ella Winchester Mott, Mrs. Louise Schneck, Mrs. Jessie Smith, Mrs. Sarah K. Shields, Mrs. Lenore Swails, Mrs. Anna C. Bollinger, Mrs. Mary Coffeen, Miss Adelaide Miller, Mrs. Frederika Pellens, Mrs. Sarah Prewitt.

The Seymour Tuesday Club feel that they are each year realizing to greater extent the purpose for which they were organized—the benefit of mutual study and social enjoyment.

## Favorite Recipes

### CEREALINE PUDDING.

Pour four cups of scalded milk on two cups of cerealine (cooked cereal); add on-half cup of molasses, one and one-half teaspoons of salt; one and one-half tablespoons of butter. Pour in buttered pudding dish and bake one hour in slow oven. Serve with cream.

### TO BROIL STEAK.

The best cuts for broiling porterhouse, sirloin, cross cuts of rump steaks and second and third cuts from top of the round. Steak should be cut at least an inch thick and from that to two and one-half inches.

Wipe steak with a cloth wrung out of cold water and trim off superfluous fat. With some of the fat grease a wire broiler. Place meat in broiler (having flat edge next to the handle), and broil over a clear fire, turning every ten seconds for the first minute that the surface may be well seared, thus preventing escape of juices. After the first minute turn occasionally until well cooked on both sides. Steak cut one inch thick will take five minutes, if liked rare, six minutes if well done. Remove to hot platter, spread with butter and sprinkle with salt and pepper.

### CREAM OF RICE SOUP.

Three pints of veal, chicken or beef broth will be needed as a basis for this excellent soup. Wash one-third of a cupful of rice and put it on with the broth to cook. Put three tablespoonfuls of butter into a pan and when hot add three tablespoonfuls each of chopped carrot, celery and onion. Let them cook slowly twenty minutes, then remove the veg-

etables to the soup; stir two tablespoonfuls of flour into the butter left from the vegetables, add that to the soup with a bit of mace, three cloves, one-half teaspoonful of pepper and a teaspoonful of salt. Let all simmer gently two hours. Strain the soup, add a quart of rich milk heated in a double boiler, boil up once and serve.

### STUFFED PEPPERS.

Six green peppers, one onion, finely chopped, two tablespoons of butter, four tablespoonfuls chopped mushrooms, four tablespoons of lean raw ham, finely chopped, one-third cup of white sauce, three tablespoonfuls of bread crumbs, salt and pepper. Cut a slice from stem end of each pepper, remove seeds and parboil peppers fifteen minutes. Cook onion in butter three minutes; add mushrooms and ham, and cook one minute. Then add the white sauce and bread crumbs. Cool mixture, sprinkle peppers with salt, filled with cooked mixtures cover with buttered bread crumbs and bake ten minutes. Serve on toast with brown sauce.

### SHELLED BEANS.

Wash and cook in boiling water from one to one and one-half hours, adding salt the last half-hour of cooking. Cook in sufficiently small quantity of water that there may be none left to drain off when beans are cooked. Season with butter and salt and pepper and serve.

### RICE AND TOMATO CROQUETTES

One-half cup of rice, three-fourth cup of meat stock, one-half can of tomatoes, one slice of onion, one slice of carrot, one sprig of parsley, two cloves, one-fourth teaspoon pepper, one teaspoon sugar, one egg, one-fourth cup grated cheese, one tablespoon butter, one-half teaspoon of salt, few grains of cayenne.

Wash rice and steam in the stock until rice has absorbed stock; then add the tomatoes which have been cooked twenty minutes with the onion carrot, parsley, cloves, pepper, corns and sugar and then rub through a strainer. Remove from the fire, add eggs, slightly beaten, cheese, butter, salt, and cayenne. Spread on a plate to cool. Shape in the form of cylinders, dip in crumbs, eggs and crumbs again, fry in deep fat and drain.

### MOCK BAKED CHICKEN.

One and one-half pounds small lean pork chops. Make any good rich poultry dressing with stale bread, butter, milk, onions and sage. Put a layer of the dressing over the chops, cover with another of chops and tie securely together. Put into a casserole with a little water and baste at frequent intervals. An hour and a half is necessary to complete the cooking. A gravy made by the juices.

## MARGARET MASON'S FASHION LETTER

(Written for the United Press.)

New York, Sept. 9.—The new fall blouses are rightly designated, for few and far between are the females who won't fall for them. Such exquisiteness is there as has never been before or behind either for they are much ornamented in the rear.

They are more bouffant for one thing and require divers lengths of diaphanous material to complete their sheer entirety. Georgette crepe, chiffon, and crepe de chine continue to be the favorite mediums. Fur, lace and metallic embroideries are the favored garnishments.

One unique model of white crepe de chine is absolutely plain in front with a deep sailor collar of white silk plush in the back that is edged with a fringe of sassy little black and white ermine tails. The long sleeves are caught together at the cuff with a single tiny tail and there you are—the tale of this blouse is ended.

A stunning blouse for an elderly woman (if there is any such thing) is of grey chiffon and black lace with a banding of skunk around the neck and down each side of the front to the bust line. The sleeves which have a cap top of lace and full undersleeves of the chiffon are cuffed in the fur. The lace is set in the back to form a point from the shoulders to the waist line and in front extends from the shoulders straight down each side of the fur bands.

Combinations of materials and of two colors are distinctly smart. Of those that seek their contrasting color in fur the white waists combined with skunk and the yellow with skunk are perhaps the loveliest.

Chiffon and velveteen waists are also rich and effective. A Russian green velvet waist with sleeves and yoke of the same shade of chiffon has for

sole adornment a choker collar of bear with a greenish gold metallic rose snuggling coyly on the left side.

A vivid striped velvet of grey, black, scarlet and yellow has a high collar of astrakan and the long flaring bell sleeves are deeply banded with the same.

The colored waists of Jersey silk promise but a dubious following for fall although the fur trimmed sweaters of heavy wool or silk have been shaken off of the summer girl's fair shoulders only to descend gracefully and fittingly upon those of Miss Autumn. They are sure to be decidedly smart well up into November for wear with tailor made skirts of serge, velvet and even taffeta. For yes, taffeta is to be a fall fabric this year as well as a perennial spring one.

Quite the cleverest of the tailored coat suits are fashioned of this silk and combined with fur to give them a bit more stability.

Although military styles and trench fashions are trying to retrench, they have suffered almost a total defeat in the autumn mode encounters.

With the exception of the prevalence of Russian coats, turbaned and full skirted a la Cossack, and a gleaming gold tassel or so a la Belgian officer, little or no militarism has been allowed to gain headway against the lines of the allied a la modes.

It certainly brooks much for fashionable peace that the awful onslaught of military helmets, turbans, Highland bonnets and Belgian caps has been stayed and female headgear is once more staid again also. That is of course it is as circumspect as feminine headgear could ever be. Really very little exaggeration is shown as yet in the fall hat models and either the close fitting little round and tri-corn shapes of velvet are affected or the ultra large round floppy velvet shapes. A one color scheme has gripped the little hat and odd and bizarre shades have been evolved to meet the needs of a one toned hat that will at the same time be sufficiently striking.

Royal purple, mahogany and a bright Prussian blue are a few of the colors used and a variation on the ever popular cerise is also offered. So vivid are some of the hues that it is going to be mighty hard for mere man to pass the hats this fall without adding blinders to his other recently acquired fashionable accessory—the wrist watch.

## Around the Home

To remove grass stains from cotton goods wash the cloth in alcohol.

Cut glass should be washed and rinsed in water that is not very hot and of the same temperature.

In sweeping carpets, keep the broom close to the floor and work with the grain of the carpet. Occasionally turn the broom so that the straw will wear evenly.

Hardwood floors and furniture may be polished by using a small quantity of kerosene oil applied with a woolen cloth, then rubbing with a clean woolen cloth. A highly recommended furniture polish is made by using equal parts of linseed oil and turpentine.

Never wash bread boards in a sink. Scrub with the grain of the wood, using a small brush.

Never wash the inside of a tea or coffee pot with soap. If the pot is made of granite or agate ware and becomes badly discolored, fill the pot almost full of cold water, add one tablespoon of borax and heat gradually until water reaches the boiling point. Then rinse with hot water, wipe inside and put the pot in a warm place until thoroughly dry.

Use a painter's brush to remove dust from Rattan furniture.

To keep piano keys clean rub over with alcohol.

To remove old tea and coffee stains, wet the spot with cold water, cover with glycerine and let stand two or three hours. Then wash with cold water and hard soap. Repeat if necessary.

Curtain and portiere poles allow the hangings to slip easily if rubbed with hard soap. This is much better than greasing.

To wash mirrors and windows, rub over with a chamois skin wrung out of warm water, then wipe with a piece of dry chamois skin. This method saves much strength.

## Announcement.

In presenting this page to the women of Seymour, the Republican desires to make it both interesting and valuable. The Republican wants the women of this city to use this page for a discussion of their affairs. Contributions, household suggestions and recipes will be appreciated.

## UNDERLYING IDEA OF CLUB WORK EDUCATIONAL

One of the great educational institutions of recent years is the Woman's literary club. In nearly every instance they were organized because of a desire of a small group of women to study certain subjects systematically. The idea has proven intensely popular.

The members who are assigned special subjects for papers and discussions spend much time in research work and by exhaustive reading are able to present facts that would be overlooked by the casual reader. The social feature of literary clubs is also highly important and adds to the pleasure of the meetings.

## WELL KEPT LAWNS ADD VALUE TO PROPERTY

Well kept lawns are of monetary value to property. Frequently when a prospective buyer has several residences under consideration the one that has the best kept surroundings will be his choice. Well placed flower beds add materially to a lawn. The surroundings of a home are usually an indication of the interior.

In some cities property values along entire streets have been enhanced by the concerted effort to improve the appearance of the lawn near the residences and also along the curb lines.

## MENU SUGGESTIONS

**BREAKFAST.**  
Cantaloupe.  
Cereal with cream.  
Omelette Potato Balls Muffins  
Coffee.

**LUNCHEON.**  
Lamb Croquettes.  
Dressed Lettuce.  
Baking Powder Biscuits.  
Ginger Bread. Cheese.  
Tea.

**DINNER.**  
Vegetable Soup.  
Veal Cutlets. Horse Radish.  
Mashed Potatoes.  
Cream of Lima Beans. Dressed Celery.  
Cerealine Pudding.  
Coffee.

## SYSTEMATIC ARRANGEMENT IN KITCHEN SAVES LABOR

The saucepans should be hung up in a convenient place, with large iron and wooden spoons close at hand and so save many steps. Pie plates, cake and muffin tins may be kept on a rack, while roasting and large baking pans will need a cupboard.

The flour barrel will be much easier to get at if it is put on a swinging stand or framework, for you can then bring it out of the cupboard and push it back with a touch, and it is also kept off the floor. If the inside of kitchen drawers are varnished, it is easier to keep them clean. Keep as many supplies as possible in china or glass receptacles. They should be plainly labeled. There should be plenty of dish and roller towels and mops, brooms, stove brushes and cloths, etc., and everything should have its own place and be kept there.

## MANY STYLES ORIGINATE IN AMERICA THIS YEAR

Paris is rapidly losing its prominence in creating new styles. The war, with its uniforms and shining buttons, is having an effect on fashions abroad and the designs are not enthusiastically received in this country. Consequently, designers in the United States are devoting more attention to original ideas which, by the way, are much more popular.

## DOINGS OF THE VAN LOONS

The sewing craze surely has got them bad

## FRANCE PUTS HER RELIANCE IN MEN

Entanglements of Barbed Wire Are  
Also Means of Defense in  
That Country.

## HOW VERDUN IS PROTECTED

Subterranean Chamber of Citadel  
Can Accommodate 50,000 People  
With Needed Supplies.

(By William Phillip Simms United  
Press Staff Correspondent)  
(Copyright 1915 by the United Press.  
Copyrighted in Great Britain.)

With the French Army at the  
Front, August 7 (By Mail)—France  
is putting her reliance in her men,  
her entanglements of special barbed  
wire of American make and no her  
longer does she depend primarily up-  
on her forts.

No better proof of this could be  
furnished than the act today of Military  
Governor Courtanceau in showing  
me the secrets of the organization  
of the defenses of Verdun.

"The Germans have announced  
that Verdun is on the point of fall-  
ing," a staff officer said. "We want  
you to have a look for yourself, then  
to let you judge whether Verdun is  
in danger or not."

So saying, we visited places and  
saw things which no mere "civils"  
had ever visited or been shown be-  
fore. We went down winding stairs,  
down, down, down until I was dizzy,  
into the bowels of the earth under  
the forts; we ventured into the deep-  
est of the dungeons where miles and  
miles of corridors are filled with  
miles of foodstuffs, ammunition and  
the like in broad, tall rows; we saw  
the general staff at work in some of  
these corridors now rigged up as  
offices; we saw the whole plant and  
lastly we were admitted to the un-  
derground retreat of the General.

"You may say," he said, "that we  
are prepared to defend this city un-  
til the last round of ammunition is  
gone and the last man dead."

The subterranean chambers of the  
citadel of Verdun can accommodate  
at least 50,000 people with the supplies  
necessary to their comparative com-  
fort. In June the Germans shelled  
Verdun with 380 millimeter long-  
range guns, 26 shells falling on the  
town. Not much damage was done,  
but profiting by the experience of  
Dunkirk which was several times  
bombed from a position 20 miles  
away, the authorities at once set  
about making Verdun "safe." This  
was done by using the corridors and  
chambers under the citadel as a  
place to lodge the troops of the gar-  
rison and, if needs be, the civil pop-  
ulation as well. These underground  
spaces date back for the most part  
about 30 years and are from 100 to  
200 feet below the surface. They  
are cut almost entirely in rock but  
have false walls and ceilings of brick  
with space between the bricks and  
rock for ventilation, chimneys as-  
cending to the surface at intervals  
creating a natural draft.

Subway voyagers in New York  
would find these underground pas-  
sages delightfully invigorating.

One finds innumerable beds or  
bunks, in two tiers. There is a hos-  
pital with a spotless operating room.  
An independent waterworks system,  
with two power stations (in case one  
goes wrong), has a capacity suffi-  
cient for the needs of 50,000 people.  
There is an immense store of grain  
in airtight metal casks and a large

grist-mill to turn the grain into flour.  
A bakery has sufficient ovens to fur-  
nish all soldiers and civilians in the  
fortress with bread. Besides the  
grain there is flour—much being from  
America—in the sealed metal boxes;  
also canned meats in enormous quan-  
tities.

In the same manner there are  
stores of lard, canned milk and many  
other necessities, none of these  
things being drawn upon at present.  
They will be used only in case Ver-  
dun is invested.

Narrow gauge railways run  
through the corridors to haul food  
supplies, ammunition, etc. Five  
electric-light plants guarantee the  
place against darkness and there are  
two more being built as an extra pre-  
caution.

Officers' quarters have been pre-  
pared in one of the subterranean pas-  
sages, these being simply small rooms  
built of thin boarding to provide a  
medium of privacy. On the door of  
one little room the upright planks  
of which are perhaps a foot higher  
than the others, are the words:

"MILITARY GOVERNOR."

The Germans, led by the Crown  
Prince at the north, and the Bava-  
rians considerably to the south, com-  
manded by Prince Ruprecht, at con-  
siderable distance form a three-quar-  
ter circle about Verdun. It is re-  
ported that the Crown Prince is par-  
ticularly eager to take the citadel  
since it was here he met his first  
great failure last September. But  
now that Verdun is safe from long  
range shelling, and with her five or  
six rings of trenches and American  
barbed wire about her outer girdles,  
it would appear a very difficult job.

Verdun is now considered a good  
base to operate from. It is not con-  
sidered of supreme importance any  
more than is any other fortress in  
the West. It is just one point in the  
great system of defensive works  
which stretch from sea to Switzer-  
land and is important for just that  
much.

## To the Public.

"I feel that I owe the manufac-  
turers of Chamberlain's Colic Chol-  
era and Diarrhoea Remedy, a word  
of gratitude," writes Mrs. T. N.  
Wetherall, Gowanda, N. Y. "When I  
began taking this medicine I was in  
great pain and feeling terribly sick,  
due to an attack of summer com-  
plaint. After taking a dose of it I  
had not long to wait for relief as it  
benefited me almost immediately." Obtainable everywhere.

## LOCAL APPLE CROP MUCH SMALLER THAN LAST YEAR

Some Orchards Attacked by a Dis-  
ease that Threatens Life  
of the Trees.

According to the reports of or-  
chardists and farmers, the apple  
crop in this county this fall will be  
much smaller than last year. The  
crop last year was unusually large  
and some of the orchardists believe  
that is responsible to a large degree,  
for the smaller crop this year.

In some of the orchards, espe-  
cially those that are not carefully  
sprayed and pruned, the trees appear  
to have been attacked by a disease  
which not only threatens the crop,  
but the tree itself. Some of the or-  
chardists expect to do heavy pruning  
this fall after the crop has been  
gathered. At the Peter Orchard, east  
of the city, which is under the direc-  
tion of Purdue University, the crop  
is good but not nearly as large as  
last year. Some of the growers say  
the total crop in Jackson county will  
not be one-half as large as last year.

In other parts of the state the ap-  
ple crop is said to be good. The  
group of growers in and about  
Mitchell reports the crop is matur-  
ing and that it looks promising.  
Grimes Golden apples are about

ready for the picking, and Jonathans  
are already coming in. Late summer  
and early fall apples are nearly all  
picked. Joe A. Burton, of the Bur-  
ton Orchard Company, and of Pur-  
due Orchards, is showing apples ev-  
ery day to visitors that come to see  
the fruit on the trees. Burton and  
his neighbors will enter apples at the  
show in Indianapolis in November.

## ROAD BUILDING WILL BE DISCUSSED AT CONVENTION

County Officials and Indiana Mayors  
Invited to Attend Indianapolis  
Meeting.

Indianapolis, September 9—County,  
township and city officials who  
come to attend the annual conven-  
tion of the County Commissioners' Association of Indiana to be held at  
the Hotel Severin, Sept. 28, 29 and  
30, will receive a cordial Hoosier  
welcome from this city.

The Chamber of Commerce, auto-  
mobile manufacturer and business  
men generally are assisting the local  
officials of the association in arrang-  
ing suitable entertainment for the  
visitors. Albert F. Zearing, secre-  
tary of the organization, has sent  
out invitations to county auditors,  
surveyors, county attorneys and  
township officials to attend the con-  
vention which he says will be in the  
nature of an educational conference.  
Besides the county officials the may-  
ors of one hundred cities with their  
official families have been invited.  
In fact the association urges all  
county, city and township officials  
to attend.

The convention promises to be  
specially interesting to highway of-  
ficials since the topic of "Good roads"  
is to be a prominent one. Besides  
receiving the benefit of the sessions,  
the visiting officials will have an  
opportunity of inspecting more than  
\$1,500,000 worth of public improve-  
ments now under way in Indianapolis.  
The construction of the White river  
bridge at Washington street, the  
flood prevention levees and the Pog-  
ue's Run draining system will be  
visited by the officials.

Numerous features of social en-  
tertainment are being arranged. It  
is planned to have an evening of  
"eats" on the roof garden of the  
Severin, an afternoon at the Speed-  
way to see on exhibition race and a  
visit to the Ford plant as well as  
numerous motoring tours about the  
city.

## None Equal to Chamberlain's.

"I have tried most all of the  
cough cures and find that there is  
none that equals Chamberlain's  
Cough Remedy. It has never failed  
to give me prompt relief," writes  
W. V. Harner, Montpelier, Ind. When  
you have a cold give this  
remedy a trial and see for yourself  
what a splendid medicine it is.  
Obtainable everywhere.

Advertisement.

Dr. May, of Crothersville, was in  
the city today.

## STANDING PAT

The business that "stands  
pat" moves backwards.  
It is the progressives who  
expand, widen markets, build  
extensions, and add to the bank  
balances.  
It is the seeker after new  
ideas who wins the commercial  
battle.  
It is the man who goes after  
business who gets it.  
And the list of the live ones  
make up the list of newspaper  
advertisers in this country.  
The names of some of these  
can be seen each day in the ad-  
vertising columns of The Re-  
publican.

## Hoosier History in Tabloid.

Prepared for the United Press by  
the Centennial Department of the  
Indiana Historical Commission.)

## On the Road to Freedom.

Indiana was in the direct path of  
fugitive slaves that were following  
the North star. Rather paradoxically,  
they followed it by "under-  
ground railroads," the name given to  
the secret and devious travel ways  
whereby the Quakers and other free-  
dom loving citizens helped the bond-  
men to Canada. The so-called pres-  
ident of the road was Levi Coffin at  
Fountain City, Wayne county, whose  
home still stands. Another house is  
pointed out in Wayne county in  
which Harriet Beecher Stowe's  
"Eliza" was sheltered with her boy  
Harry.

## Biliousness and Constipation.

It is certainly surprising that  
any woman will endure the miser-  
able feeling caused by biliousness  
and constipation, when relief is so  
easily had and at so little expense.  
Mrs. Chas. Peck, Gates, N. Y.,  
writes: "About a year ago I used  
two bottles of Chamberlain's Tablets  
and they cured me of biliousness and  
constipation." Obtainable every-  
where.

## Obituary.

Bessie Montgomery Williams, the  
eldest daughter of David L. Mont-  
gomery, of Reddington, was born  
April 28, 1882. She was a graduate  
of Seymour high school, afterward  
going to Business College at Indian-  
apolis. During her high school days  
she joined the Christian church in  
this town, but later transferred her  
letter to Columbus. She was united  
in marriage with Olen E. Williams, of  
Indianapolis, November 9, 1914. After  
a brief stay in Pittsburg, they  
later removed to Indianapolis where  
they resided until her death.

Bessie was of a forgiving disposi-  
tion, and generous almost to a fault,  
giving the greater part of her life to  
the care of others, many persons  
having cause to remember her tender  
care and nursing during sickness.

During the winter she contracted  
a trouble in her lungs, which being  
aggravated by sickness attending the  
birth of a child, was directly respon-  
sible for her death on September 6,  
1915. During her illness she was al-  
ways cheerful and planning to get  
well, as she said she didn't believe  
God had a place where she was need-  
ed more than by her husband and  
infant son. She is survived by her  
husband, O. E. Williams, her infant  
son, Olen Carroll Williams, father,  
D. L. Montgomery, grandmother,  
Mrs. J. R. Montgomery, one sister,  
Mrs. Goldie Pearson, three half sis-  
ters and two half brothers.

The funeral was held Wednesday  
afternoon at 2 o'clock at the home  
of Mrs. J. R. Montgomery, conducted  
by the Rev. Mr. Thornburg, of An-  
derson, assisted by the Rev. H. C.  
Pearson, of this city. Burial at Riv-  
erview.

## Worth Their Weight in Gold

"I have used Chamberlain's Tab-  
lets and found them to be just as  
represented, a quick relief for head-  
aches, dizzy spells and other symp-  
toms denoting a torpid liver and a  
disordered condition of the diges-  
tive organs. They are worth their  
weight in gold," writes Miss Clara  
A. Driggs, Elba, N. Y. Obtainable  
everywhere.

Advertisement.

Mrs. A. J. Brodhecker and son,  
Clara, and daughter, DeAlba, of  
Brownstown, were here today on  
their way to Indianapolis.

## FOURTEEN OF LAST YEAR'S SQUAD IN INDIANA LINEUP

Coach Childs Optimistic Over Pros-  
pects of Willing Football  
Team This Fall.

By United Press.

Bloomington, Ind., September 9—  
Football stock at Indiana University  
is nearing the high record mark. Not  
since the palmy days of 1910 when  
the Crimson defeated Chicago and  
lost the Big Nine title by a three to  
nothing score to Illinois has the out-  
look appeared so optimistic.

Students and alumni alike has  
great confidence in Coach Childs and  
the new style of play he has brought  
to Indiana and the West. They say  
that last year the foundation was  
laid upon which this year's more  
advanced work can be based.

The announcement last week that  
Jim Thorpe, famous Indian athlete  
and Olympic champion would assist  
Coach Childs is regarded as a mas-  
ter-stroke. The big redskin will take  
charge of the backfield while Childs  
will devote most of his time to the  
line. Mackey Erhart, captain of  
last year's eleven will also assist in  
whipping the Crimson into shape for  
the hard schedule.

Childs, who believes in the policy  
of doing rather than talking made  
the following statement to the United  
Press today:

"The team will start the season  
with much confidence. It will be  
pure business and every member will  
start Sept. 20 with like opportunity  
for any position. The work of the  
team must be better than last year.  
No excuses will be offered for fail-  
ure. There will be more open work  
this year."

Fourteen members of last year's  
fold. Capt. Whitacker has been in  
communication with all of these men  
as well as Coach Childs and reports  
that all are in good condition for  
the opening of practice. Murchie, Pope,  
Owen, Conkle, Knackle, Hathaway,  
Wiley, Snobarger, and Statesman  
are the strongmen from last year's  
freshman squad who will make a  
fight for places on the varsity.

The Indiana schedule this year is  
considered very well balanced. Start-  
ing with two games with secondary  
schools, DePauw and Miami, the  
team should be well hardened for the  
first conference game on October 16,  
with Chicago.

With the exception of the annual  
Purdue-Indiana battle which will be  
staged here this year, the game on  
Oct. 30 with Washington and Lee  
university at Indianapolis is the big-  
gest game on the Crimson card. The  
schedule follows:

Oct. 2—DePauw at Bloomington.  
Oct. 9—Miami at Bloomington.  
Oct. 16—Chicago at Chicago.  
Oct. 30—Washington and Lee at  
Indianapolis.  
Nov. 6—Ohio State at Columbus.  
Nov. 13—Northwestern at Evans-  
ton.  
Nov. 30—Purdue at Bloomington.

## TWO BOYS HELD FOR KILLING NEGRO FOR SMALL SUM OF CASH

One Alleged to Have Confessed That  
He Committed Crime at  
Signal of Other.

By United Press

Mt. Vernon, Ind., September 9—  
Two boys held in the county jail here  
soon will be tried on the charge they  
killed Charlie McDonald, a negro for  
\$1.70. Coroner Wysinger, Sheriff  
Hall and Acting Prosecutor Zimmer-  
man declare that Joseph Mills, 20,  
confessed to them that he killed Mc-  
Donald on a signal from Manuel  
Underdown, 17. The boys will be  
tried this term of court which opened  
Tuesday.

In their alleged confession they  
are alleged to have told how they  
sneaked up on McDonald and how  
Mills hit him in the head with a

## URIC ACID SOLVENT

For Rheumatism and Kidney Trouble  
50 CENT BOTTLE (32 DOSES)  
FREE

Just because you start the day wor-  
ried and tired, stiff legs and arms  
muscles, an aching head, burning  
bearing down pains in the back—worn  
out before the day begins—do you think  
you have to stay in that condition?  
Those sufferers who are in and out of  
bed half a dozen times at night will  
appreciate the rest, comfort and strength  
our treatment gives. For every form of  
bladder trouble, scalding pains, or weak-  
ness, its action is really wonderful.  
Be strong, well and vigorous, with no  
more pains from stiff joints, sore mus-  
cles, rheumatic suffering, aching back,  
or kidney or bladder troubles.  
The Williams Treatment conquers kid-  
ney and bladder diseases, rheumatism  
and all uric acid troubles, no matter  
how chronic or stubborn. If you have  
never used The Williams Treatment, we  
will give you 50c. bottle (32 doses) for  
your own use free. Contains no alcohol  
or habit-forming drug. Does not affect  
the heart.  
Send this notice with your name and  
address, and 10c. to help pay distribu-  
tion expenses, to The Dr. D. A. Williams  
Company, Dept. 65, New Post Office  
Block, East Hampton, Conn. You will  
receive by parcel post a regular 50c. bot-

RUSSIA WITHOUT VODKA.

The success of national prohibition has been demonstrated in Russia after a year's trial. About the time that country became engaged in the world's conflict an edict was issued prohibiting the sale of vodka. The result has been watched closely in the United States.

In commenting upon the effect of the order the Portland, (Me.) Express Advertiser says:

But that proclamation was the one thing that made mobilization possible in Russia. Before it went into effect, the soldiery were toasted almost to their destruction before they were a mile on the way to the front. When the order went into effect the result was magical. After that, quietly, correctly, the soldiery reported to their mustering officers. The tempestuous drunken disorders that prevailed when the army was called out against Japan, were unknown.

Though the prohibition order was in the interests of the army, the civilian population at home has profited in equal measure. It has meant to them not merely the sacrifice of an indulgence to which they have been accustomed for literally centuries. To the Russian budget the revenues from the sale of liquor amounted to \$450,000,000 a year. To make up that deficit meant a problem in business government.

There is no income tax in Russia, and the deficit due to the cessation of the vodka trade will probably necessitate some such measure. But vodka was the curse of Russia. Russian backwardness was almost directly traceable to the propensity of the Russian to keep himself perpetually drunk. Whatever the stiffness of the income tax he will have to pay, it cannot be a worse curse than the strong drink that so long retarded the progress of the country. Travelers who have seen the country in late days speak of it as a nation like a man enjoying convalescence after a long illness.

The local hospital is worthy of financial support from the county. It is an institution which is a benefit to the entire county. It is open to all citizens. The income of the hospital is not sufficient at present to maintain it and as a public institution it should receive public help. In many counties hospitals have been built and are maintained out of the public treasury. Jackson county is fortunate in being able to have such an institution erected without cost to it and in only having a small portion of the maintenance expense to pay.

The statement of condition of the First National Bank, of this city, which was published yesterday in the Republican, shows a substantial growth over the former statement, and is another indication of the strong position which this bank holds in the financial affairs of this part of Indiana. The bank is conservatively managed. It was the first national bank organized in the county, and during the more than half century of its history has shown a steady growth in business, as well as in the confidence of the business people of this city and county.

The merchants of this city are to be congratulated upon the attractive displays of fall and winter goods. Again it is demonstrated that the local dealers are right up to the minute in selecting their stocks. The purchases are carefully made and local buyers are insured of the best in design and quality at the most reasonable prices.

Orchard Demonstration.

The orchard demonstration at the W. H. Hazzard farm, near Reddington, Wednesday, was a success in every particular. Quite a large number of farmers and orchardists were present and witnessed the practical work of pruning and spraying the trees.

NO HUNTING—Muslin signs 9x17 inches, for posting farms against hunting and trespassing, 5 cents each, 50 cents per dozen. Call at Republican office. d&w-tf

Calling Cards.

One hundred calling cards, single line, for 50c. Republican Office.

DIAMOND DUST.

The Boston Braves, Philadelphia Phillies, Brooklyn Trolley Dodgers, Detroit Tigers and Boston Red Sox or whatever teams it may happen to be, may find themselves up against a dark horse before the world's championship is decided in the hazy autumn. Their right to the base ball crown may be disputed. For lo and behold, we have a contender right in our midst, a contender who evidently does not class modesty as a base ball virtue. If there are any championships lying around unclaimed this fall, they will find a ready claimant if they will but use the want ad column of the Columbus papers. For, be it known, Columbus is being kept busy annexing championships these days, and now that she has learned how easy it is to claim them, there is no telling where her ambitions may lead her. In some mysterious manner, presumably through winning the abbreviated Seymour series, they first claimed the championship of Southern Indiana. Then by the simple process of winning a game from the Oertel club of Louisville, they modestly announce that they are champions of Kentucky, though how, when and where the Oertels won the championship of Kentucky is not stated. The inordinate Columbus ambition now leads them to try to wrest the laurels from Rushville, whose team is willing to admit it is the best in Eastern Indiana. After showing Rushville up next Sunday, Columbus will then force the Logansport Ottos, Champions of Northern Indiana to hand over their honors, thus leaving them undisputed champions of Indiana and Kentucky. About the only thing worth while left for them to accomplish then will be the World's championship and that wouldn't cause the average Columbus fan much worry.

DAMAGE SUIT CAUSES DEATH

Woman Who Had Thirteen Husbands Dies of Shock Due to Suit.  
Evansville, Ind., Sept. 9.—Mrs. Polly Anne Wood Strodes, aged sixty-nine years, who has been married thirteen times, is dead. Physicians say her death was due to the shock over the filing of a damage suit for \$10,000 against her. The suit was brought by James Handley, who was shot last February by Harrison Strodes, the thirteenth husband of Mrs. Strodes, who disappeared after the shooting, skipping his \$500 bond that his wife had to pay.

Mrs. Strodes then sued her husband for divorce and made it known at the time that as soon as she was given the divorce that she was going to look around for her fourteenth husband. She said husbands were the easiest things in the world to get, and that in spite of her many past matrimonial experiences she still believed in men.

SOCIAL EVENTS.

MISSIONARY SOCIETY MEETS.

The Woman's Missionary Society, of the First Baptist church met this afternoon with Mrs. Henry Critcher, at the corner of Sixth and Blish streets. In addition to Mrs. Critcher, Mrs. Joseph Harsh, Mrs. S. G. Rucker and Mrs. Eva Clark, assisted as hostesses.

Mrs. J. H. Boake presided, and Mrs. Irwin Culver was the program leader. The Society began the study today of a new missionary book, "The Child in the Midst." The subject for the afternoon was "The Child in Its Helplessness," and the scripture, "The Place Where the Young Child Lay." Refreshments were served, and the afternoon proved very pleasant as well as profitable for all who attended.

PASTOR'S RECEPTION.

A very pleasant reception was tendered the Rev. and Mrs. F. J. Compson by the congregation of the Presbyterian church Wednesday evening in the church parlors. J. E. Graham, a member of the session, presided and made the address of welcome to the new pastor. Rev. Compson responded and told of his plans for his ministry here. Prof. T. A. Mott was also called on and responded with brief remarks. An informal social evening followed, during which nearly two hundred members and friends of the congregation made the acquaintance of the Rev. and Mrs. Compson.

BREAK CAMP.

Mr. L. F. Greeman and family, Mr. Geo. Winkenhoffer and family, and Mr. Charles Hemmer have returned from a pleasant ten days' fishing trip at Greeman's cabin on White River. R. A. Greeman, wife, and little daughter, Ruth, of Chicago, were guests at the camp.

The trip was quite successful as the campers reported a catch of forty pounds of fish during their stay.

LADIES' AID SOCIETY.

Mrs. Thomas M. Hopewell will be hostess to the Ladies' Aid Society of the Christian church Friday afternoon at her home on North Chestnut street. The Society suspended meetings during the summer months and reorganization plans will be discussed Friday. Considerable activity that will benefit both the Society and the church is expected during the winter.

FOR MISS REMY.

Miss Harriett Montgomery was hostess at a charming party this afternoon in compliment to Miss Margaret Remy, who will leave tomorrow for Hope, where she will teach in the high school during the winter. The guests were the close friends of the Misses Remy and Montgomery. A course luncheon was served during the afternoon.

PRISCILLA CLUB.

Mrs. J. G. Laupus very delightfully entertained the Priscilla Club yesterday afternoon at her home on North Walnut street. The house was tastefully decorated appropriately to the autumn season. A course luncheon was served. Several guests spent the afternoon with the club members.

WEDNESDAY SEWING CLUB.

The Wednesday Sewing Club held the first meeting of the fall Wednesday afternoon at the home of Mrs. W. H. Shields at Rockford. The charming hospitality of Mrs. Shields is well known and the members of the club always look forward to a meeting at her home with pleasant anticipations.

TWO SOCIETIES MEET.

The Busy Bee Society and the Ladies' Aid Society of the Baptist church at Crothersville held a joint meeting this afternoon at the parsonage. Mrs. C. O. Stewart, wife of the pastor, was hostess. A program of readings and music was rendered.

AID SOCIETY.

Mrs. Robert Benham entertained the members of the Ladies' Aid Society of the Methodist Church at Crothersville, Wednesday afternoon. It was the last meeting of the conference year. An excellent program was given.

STUDENT RECITAL.

The advanced piano students of Mrs. J. Price Matlock gave an interesting and entertaining recital program at the home of Mrs. Matlock on North Chestnut street last evening. After the program the guests remained for a pleasant social evening.

REBEKAHS.

The Rebekahs will entertain a large number of visiting members Friday night and a most enjoyable meeting and social is anticipated. The entertainment has been placed in the hands of a committee of which Mrs. Lura Baird is chairman. The

BIG REPUBLICAN RALLY TO BE HELD AT RUSHVILLE

All Delegates from Indiana to National Convention in 1912, Except Two, Will be Present.

Republicans of the Sixth congressional district are planning a great rally at Rushville on Wednesday, September 15. Many state and national leaders will attend. A barbecue has been arranged and that the visitors will be well served is indicated by the announcement that the meal will be cooked in a 600-gallon kettle.

Judge O. H. Montgomery, of this city, has received an invitation from Former Congressman James E. Watson, to attend. Mr. Watson stated that all the delegates to the Republican National Convention in 1912 from Indiana would be present with two exceptions. Judge Montgomery and Webb Woodfil, of Greensburg, were the delegates from the Fourth district.

Farewell Social.

The B. Y. P. U. will give a farewell social at the church Thursday evening at 7:30 o'clock in honor of the college students and teachers who leave in a few days for the winter. All members and friends are cordially invited to attend. s9d

All persons knowing themselves to be indebted to us will please call and settle at once.

J. A. Quinn and Co.

LOITERING ORDINANCE HELD TO BE INVALID

Indianapolis Judge Holds Men Cannot be Held Without Specific Charge.

Judge Deery of the Indianapolis city court has held the loitering ordinance to be invalid. After announcing this decision he ordered several men who were held under this ordinance released. They had given bond for \$1,000. A similar ordinance was brought into force in this city recently and the Indianapolis judge's decision may have some effect on arrests here on that charge. The ordinance was passed more than twelve years ago. It is not known in what particulars the Indianapolis ordinance is different from the one here.

In setting forth that the loitering ordinance was invalid, Judge Deery said such a legal charge could not exist. He said police could not legally arrest men under that charge when they could get no specific charge against men, but wished to hold them for some investigation. It is said an appeal will be taken from Judge Deery's decision.

SPECIAL NOTICE TO SEYMOUR FOLKS

We wish to announce we are exclusive Seymour agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser we ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-i-ka never gripes, is safe to use and the INSTANT action is surprising. C. E. Loertz, Druggist.

### Little Story of Daily Life.

He was standing in front of a local department store. She was standing just inside the door, apparently looking at something on a counter. She was very becomingly and very attractively bedecked in a beautiful fall suit, with a very dear of a hat—one of the new creations in black with just a flash of white to relieve the monotony and dispel the mourning suggestion, you know. The profile, as seen from the street, showed a lovely face, with the complexion of a Diana. In fact, the whole picture was one well worthy of an artists' brush, and one calculated to make almost anyone give a second look. So the young man looked. Another gent approached and looked also.

"Who is she?" the first one asked. "Got me" was the reply. "We'll see."

Boldly he entered the store on the pretext of having some business with the manager. As he stepped inside the door and prepared for a sidewise inspection of the alluring beauty, he was just in time to hear the window trimmer say: "We'll set this one in the south window."

### Ice Cream Social.

**STEINWEDEL**

Mr. and Mrs. George Breitfield and children motored to Indianapolis this morning.

Miss Maggie Colburn has gone to Medora to visit with relatives and friends for a week.

Mrs. E. R. Redman came from Hayden this afternoon to spend the evening with friends.

County Clerk W. E. Stout, of Brownstown, was in the city this afternoon on business.

Roger Craig, of Reddington, left today for Auburn, where he is principal of the high school.

A. J. Brodhecker, editor of the Brownstown Banner, was in the city this morning on business.

Mrs. John M. Lewis and son, Oren, went to Indianapolis this morning to spend the day at the state fair.

Mr. and Mrs. John Alberring went to Indianapolis this morning to visit with relatives and attend the fair.

Mrs. Louisa Akeret and daughter, Miss Emma, and son, William, left this morning for Riley, Kas., on an extended visit with relatives.

Mrs. Lyman Gruber and Joe Gruber returned home Wednesday evening from Indianapolis, where they have been attending the state fair.

Mr. and Mrs. Harry Gregory and children returned home Wednesday evening from a visit since Sunday with relatives near Ratcliff Grove.

Edward Champion, who was called here on account of the death of his mother, Mrs. Elias Champion, left this morning for his home in Chicago.

Miss Florence Sayer, who has been here for the past week the guest of Miss Margaret Remy, returned to her home in Indianapolis today.

Mr. and Mrs. Carl Keuhn and children returned to their home in Indianapolis this afternoon after spending several weeks with relatives near Brownstown.

### MRS. RUSSEL SAGE

Celebrates Birthday by Giving \$60,000 to Syracuse Institutions.

Photo by American Press Association.

New York, Sept. 9.—Mrs. Russell Sage celebrated her eighty-seventh birthday by sending checks aggregating \$60,000 to various Syracuse institutions. Mrs. Sage was born in that city and for several years past it has been her custom to make gifts there on her birthday.

Mrs. J. M. Widener and children returned this morning from a two weeks' visit with relatives in Kentucky and Tennessee.

## WILL NOT CHANGE HESPERIAN CASE

### Loss of American Not to Effect Representations.

Washington, Sept. 9.—If it is established that the Hesperian was sunk without warning by a German submarine, subsequent advice from United States Ambassador Page at London confirming the reports that an American seaman named Wilff, of Newark, N. J., had lost his life in the sinking of the liner will not affect the nature of the representations which the United States government will make to Germany.

This statement was made by one of the highest officials of the state department, who declared that the mere fact, already established, that Americans were on board the vessel, was sufficient to justify the United States in taking action.

It was frankly admitted at the state department, however, that nothing of a definite and conclusive character had been submitted by Ambassador Page or U. S. Consul Frost at Queenstown to show whether the Hesperian was struck by a mine or torpedoed. It was even suggested that the uncertainty existing would not place the Hesperian case in the category of the attacks on the Lusitania and the Arabic if Germany contended that the first named ship was not attacked by a submarine. In an effort to get at the exact facts, Secretary of State Lansing cabled Ambassador Gerard directing him to request of the German government whether it had received any report from its submarine commanders on the Hesperian case.

In view of the part which the presence of the gun is likely to play in this case, it is regarded as significant that the state department still is to announce a decision in regard to the British steamer refused clearance papers at Norfolk on the ground that she has two guns on board.

### Vote to Build Soldiers' Monument.

Bloomfield, Ind., Sept. 9.—The Greene county council, has voted an appropriation of \$25,000 to build a soldiers' monument which will be erected at the southwest corner of the public square in Bloomfield.

## "Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" on It, Is an Absolute "Goner!"

Yes, it's the simplest thing in the world to get rid of a corn—when you use "Gets-It," the world's greatest corn-remover. Really, it's almost a pleasure to have corns just to see

"Gets-It" Puts Your Feet in Clover.

loosen the corn from the true flesh, easily, and then makes it come "clean off." 48 hours ends corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just easily—with "Gets-It." For warts and bunions, too. It's the 20th century way.

"Gets-It" is sold by all druggists. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Seymour and recommended as the world's best corn remedy, by C. E. Loertz and H. H. Carter.

## ARABIC ATTACK IS EXPLAINED

Berlin Gets Report From Sub-sea Commander.

### SELF-DEFENSE IS EXCUSE

Asserts He Feared Attempt Was Being Made to Ram Him When Ship Shifted Course During His Attack Upon a Freighter.

Berlin (via London), Sept. 9.—The American ambassador, Mr. Gerard, has been given Germany's note covering the sinking of the White Star liner Arabic by a German submarine on Aug. 19, costing the lives of two Americans, by the German foreign office.

The note, which is based upon the report made officially by the commander of the submarine that sank the Arabic to his chief, Grand Admiral von Tirpitz, expresses the German government's deepest regret that American lives were lost as a result of the action of the German submarine commander. As the question of reparation and compensation for the loss of American lives, the German government offers to refer to The Hague tribunal for settlement.

Berlin (via London), Sept. 8.—The commander of a German submarine, which has returned to its base, has reported to the admiralty that he torpedoed the liner Arabic in the belief that the Arabic's action indicated it was about to attack the submarine and that he fired in self defense.

This news was communicated immediately to James W. Gerard, American ambassador, for transmission to Washington.

According to the submarine commander's report the submarine was engaged in destroying a freighter when the Arabic was destroyed. The submarine was then on the surface.

The Arabic, the commander declares, swung around and headed toward the freighter as if to attack the submarine. The commander of the undersea craft remained in doubt as to the intention of the Arabic when the latter changed its course a few points, but still kept headed in a direction that was bringing it nearer to the scene.

The captain of the submarine reports that he continued to observe the actions of the liner until he saw the Arabic again change its course and head directly for the spot where the submarine lay, as if the Arabic had sighted the undersea boat. Then the commander of the submarine, believing his craft was in danger, he declared, submerged and fired a torpedo.

Prior to the receipt of the report of the submarine's commander, admiralty officials were of the belief that the submarine had been lost. No reason for the delay in returning to port has been given.

A high official of the foreign office, in discussing the case said the commander of the submarine evidently had adequate reasons for believing the submarine was about to be attacked and was justified in taking steps necessary to save his boat and crew.

The news of the return of the submarine and the commander's report has not yet been published in Germany. There is still no report available here with regard to the sinking of the Allan line steamer Hesperian.

Persons here in a position to speak with authority assert positively the conviction that the steamship Hesperian was not torpedoed by a German submarine, at least under the conditions thus far described.

The assumption that the Hesperian was sunk by a German submarine is met with ever-increasing doubt in official circles. In these quarters it is believed the Hesperian must have struck a mine, or possibly was destroyed by some agency from within; that it may be regarded as certain it was not torpedoed by a German submarine under the conditions set forth in press dispatches and in accounts given by passengers.

### BEGIN NATION-WIDE FIGHT

Labor Starts Campaign Against Chicago's Board of Education.

Chicago, Sept. 9.—A nation-wide campaign against Chicago's Board of Education and in favor of the Chicago Teachers' Federation, was launched at a mass meeting at the Auditorium theatre, under the auspices of the Chicago Federation of Labor. National, state and city leaders of organized labor had gathered in Chicago, preparing plans for the attack to be made, upon the Loeb rule, prohibiting teachers in the public schools belonging to trade unions.

Samuel Gompers, president of the American Federation of Labor, and John H. Walker, president of the State Federation of Labor, were two of the leading speakers at the meeting. Louis F. Post, assistant secretary of the department of labor of the federal government, was one of the speakers.

## BRISK ACTION IN DUMBA CASE

U. S. Now Waiting For All the Facts.

### ASKS LABOR DEPARTMENT AID

Ambassador Requests Department of Labor to Help Him Find Work For Austrians Called Out—Is Given a Flat Refusal.

Washington, Sept. 9.—Dr. Constantin Dumba, the Austro-Hungarian ambassador, is now at his summer embassy at Lenox, Mass., where he is waiting for word from Secretary of State Lansing as to whether the United States government is satisfied with his explanation of his intercepted letter to the Vienna foreign office.

The impression is growing in Washington that Dr. Dumba will soon leave the United States. Whether this will be accomplished by dismissal at the hands of the president or withdrawal by the Vienna government, is a matter of lively speculation.

It may be stated upon authority that prompt action will be taken in the case of Dumba just as soon as the president and the secretary of state come into possession of all the facts. They are awaiting the receipt here of the memoranda prepared by the editor of a Hungarian newspaper in New York, in which a scheme was outlined to bring about strikes in the Bethlehem Steel and munition factories in the middle west with the idea, it is presumed by officials, of embarrassing the allies.

This memorandum is referred to in the Dumba letter, a copy of which is now in the possession of the secretary of state. The letter refers to an inclosure which is described as an "aide memoire," prepared by the Hungarian editor, in pursuance of his proposals to arrange for certain strikes in the Bethlehem-Schwab munitions factory and also in the middle west.

In going to the state department, President Wilson evidently was moved by a purpose to impress the public with his deep interest in the Dumba incident. The president spent about half an hour with Secretary Lansing in an earnest discussion of the case. It was admitted by Secretary Lansing that the interview was in regard to the recent disclosures affecting Dr. Dumba, but further than that Mr. Lansing would shed no light on the interview or its probable results.

In this connection it became known that Secretary Lansing has cancelled the passport of Captain J. F. J. Archibald, the America war correspondent, who took the Dumba letter abroad. It is for this reason that Captain Archibald started back to the United States. In explaining the action of the secretary of state in cancelling the passport issued to Archibald, officials declared that Mr. Lansing was prompted by a determination to impress Americans traveling abroad that under no circumstances must they use such documents to protect them in acting as couriers for representatives in the countries of belligerent powers.

It is understood that the ambassador called for the purpose of ascertaining what means the department had at hand to get employment for Austro-Hungarian workmen in case they retired from the service of munitions factories throughout the United States. He was informed that the labor department could give him no assistance in circulating Austro-Hungarian workmen.

Inasmuch as officials already had given Dr. Dumba to understand that the contents of his now famous letter had given this government offense, some surprise was expressed that Dr. Dumba should give further evidence of a determination to proceed with the proposed plan to withdraw Austro-Hungarians from American factories.

It is the understanding here that the president and Secretary Lansing are agreed that this government would be warranted in asking for the recall of Dr. Dumba upon the facts now before them. Dr. Dumba has admitted that he wrote the letter in controversy, but that he did so in obedience to orders issued by his government.

### ROBBERS TRY NEW TRICK

Barricade Bank With Barb Wire Before Wrecking Safe.

Jefferson, Okla., Sept. 9.—Oklahoma bank robbers have learned a trick from the trench warfare of Europe, the same being the use of barbed wire entanglements.

Before three robbers broke into the Farmers State bank here, early in the morning, they stole several coils of barbed wire from a wire store and constructed a barricade in front of the bank. Two men went inside and wrecked the safe with nitroglycerine while the third man kept a watch outside from behind his wire line of defense. The robbers found \$2,000 in the safe. They leaped their lines of defense, got into a fast motor car they had brought along and sped toward the Kansas line. When the band had gone a posse of several motor cars followed an hour behind. The trail was lost south of Hunnewell, Kansas.

## THREE AIRCRAFT ATTACK LONDON

Second Raid Within Twenty-Four Hours.

### TEUTONS TAKE WALKOWSKY

Secure Footing Along New Russian Defense Line—Russians Continue to Check Austrians in Galicia—Hard Fighting on West Front.

London, Sept. 9.—England was the object of a second air raid within twenty-four hours.

In the first Zeppelin raid on the east coast, ten persons were killed and forty-six were wounded, a majority of the victims being women and children. Fifteen small dwellings were demolished or seriously damaged and several fires were started. The fires were promptly extinguished.

Hostile aircraft passed over the eastern countries, which they had previously visited and added to this area an attack on London, dropping incendiary and explosive bombs. No details have been given out, except a few casualties and that the fires were under control.

The last raid was heralded by advice from Amsterdam, asserting that three airships, coming from the east, had passed over Dordrecht, in the southern part of Holland, headed for the English coast.

The Germans captured Walkowsky an important railway town thirty-one miles east of Slonim, and secured a footing in the eastern suburbs of Wilna at a town called Nowo Troki. This place is but thirteen miles from the center of Wilna, which is one of the major points in the new line of Russian defense.

On the road to Pinsk, east of Brest-Litovsk, the Russians are still holding the Germans at the Jajda river. The Berlin official statement merely says that the battle in this region has not yet been decided.

In Galicia, as well the Russians are apparently continuing to check the Austrian advance.

The Germans launched a new and vigorous offensive in the western part of the Argonne in an attempt to break through the French front. The French communiqué admits that the Teutons, who used asphyxiating gas bombs in their attack, gained a foothold in some part of the French advanced trenches. Violent counter attacks, however, finally forced them to give up their attempt. Artillery action continues at many places on the western front, and air raids are reported on Freseaty and Metz.

### ACT CAUSES CONSTERNATION

Czar's Action in Deposing Grand Duke Is Not Understood.

London, Sept. 9.—Grand Duke Nicholas, commander in chief of all the Russian armies since the opening of the war, has been deposed by order of Emperor Nicholas and transferred to the Caucasus, where mere handfuls of men are carrying on a desultory campaign against the Turks.

At the same time the czar has created himself to the supreme command of the Russian forces and presumably will henceforth direct the operations against the Teutonic allies on the seven-hundred-mile battle front from Riga to Bessarabia.

The news has been received in Russia, say Petrograd dispatches, with feeling little short of consternation. Grand Duke Nicholas had been the popular idol of the people. It was thought that if he could not turn back the German advances no one could. He had been known as the one man in all Russia closest to the czar. His removal to the Caucasus front, is equivalent to complete military demotion.

### VILLA SELECTS DELEGATES

Now Awaiting Word For Announcement of Peace Conference.

El Paso, Tex., Sept. 9.—Announcement was made that General Francisco Villa has practically settled upon those whom he is to send as delegates to the pan-American conference and is only awaiting word as to the time and place of the meeting, when he will dispatch orders to his representatives to hasten there at once.

General Felipe Angeles, former chief of artillery for Villa, is to be chairman of the Villa delegation. He has been ordered to give up his military mission in Sonora in order to act as a peace delegate. Marique Llorente and Miguel Diaz Lombardo may be the other two.

Villa also has just issued letters to all of the generals in the field and at civil posts, in which the demand has been made that they pledge themselves in writing to him, binding themselves to the declaration that they will abide by the decision of the pan-American conference, no matter whom it favors.

### Body Sinks With Hesperian.

Montreal, Sept. 9.—Relatives of Mrs. George Washington Stephens, widow of G. W. Stephens, who met her death in the Lusitania sinking, have been notified that her body, recently found off the coast of Ireland, went down with the Hesperian.

## BORDER COUNTRY NOW UNDER MARTIAL LAW

U. S. Soldiers to Deal With Border Firing.

Galveston, Sept. 9.—That part of the border country lying between Brownsville and Mission, and immediately adjoining the Rio Grande is practically under martial law, as a result of orders issued by General Funston authorizing soldiers to take charge of the situation where firing across the boundary might occur.

While there has been no ill feeling expressed at the change in the situation, border peace officers look upon this action as an usurpation of their rights and they may be depended upon to chase and kill any bandits seen. Instructions have not been issued to the Texas rangers as they have not been on the river in several days.

Peace officers were told that the United States would attend to this part of the country and that they could confine their work to the interior.

Reports from Matamoros are that two leaders of the bandits have been seen in the market places of that city and requests have been made to General Hafferrette to have them arrested and turned over to Texas authorities. The request has not been complied with, although the bandits were in Matamoros.

Light fighting was reported during the day. In the Mission section four bandits attacked a ranch house, but were driven off.

At Savage and Run, where fighting took place, several shots were exchanged and one Mexican killed. In both instances the bandits disappeared in the brush.

### NAVAL ACADEMY SHAKEUP

New Officers Are Assigned to Duties At Annapolis.

Washington, Sept. 9.—Growing out of the recent "gouging" scandal, and following on the transfer of Superintendent Fullam, a big shakeup among the officers of the naval academy at Annapolis, who have been there twenty years or more, has been ordered by Secretary Daniels. Although the secretary would not admit the recent scandal had anything to do with it, no doubt is felt that this is the reason for the action. When Superintendent Fullam was transferred there were charges of political influence which the secretary denied. No doubt such charges will be revived in view of this shakeup.

### Horses Drown; Man Saved.

Vevay, Ind., Sept. 9.—Two fine horses were drowned and James Sharp, age forty, narrowly escaped death when attempting to ford Indian creek. Sharp unable to swim, was carried 300 yards down the stream. Finally he caught hold a tree and was rescued by Charlie Oakley.

### Two Lives Lost in Flood.

Fort Scott, Kas., Sept. 9.—Two are known to have lost their lives as a result of the flood that struck Fort Scott.

Mrs. C. E. Morton returned last night from a visit with relatives at New Albany.

If you have Republican Advertising on your mind, you're right.

### ARREST MURDER SUSPECT

Man Alleged to Have Murdered Rhode Island Judge Captured.

Worcester, Mass., Sept. 9.—Harry Edwards, of Scituate, R. I., sought by the Rhode Island authorities in connection with the murder of Judge Willis H. Knowles, of Johnston, R. I., is under arrest here.

A man arrested on charges of breaking and entering a hatshop and stealing a motorcycle was suspected of being Edwards. The man denied it. Later Constable Allen Bishop, of Scituate, arrived at Worcester headquarters, and immediately identified the prisoner as Edwards. Then Edwards admitted his identity, but disclaimed any knowledge of the assassination of Judge Knowles. After admitting his identity Edwards gave the Worcester police what he said was a complete account of his movements from the time he arrived in Scituate, R. I., until he left Providence for Worcester on the last train Monday night.

### Breach of Promise Case Begins.

Danville, Ill., Sept. 9.—The breach of promise case, brought in the United States court here by Miss Ella Maud Adams, of Indianapolis, against Rufus Alexander, of Charleston, Ill., was begun in the federal court of the eastern Illinois district. Miss Adams is asking \$10,000 damages because of the alleged refusal of the Charleston man to marry her, according to his promises made on a number of occasions.

### Mysterious Shooting.

South Bend, Ind., Sept. 9.—Inquisitiveness by a reporter regarding a mysterious case in a local hospital revealed that Jacob Michaelski, a former policeman, had been shot through the jaw during the night. Neither he nor any of his relatives would give any explanation concerning the case, of which the police had no record till informed by the reporter.

Henman Chambers went to North Vernon this morning on business.

# The Ball of Fire

By GEORGE RANDOLPH CHESTER  
and LILLIAN CHESTER  
ILLUSTRATED BY C. D. RHODES

Immediately on his return to his library, Allison threw off his coat and waistcoat, collar and tie, and sat at the table.

"What is there in the icebox?" he wanted to know.

"Well, sir," enumerated Ephraim carefully; "Mirandy had a chicken potpie for dinner, and then there's—"

"That will do; cold," interrupted Allison. "Bring it here with as few service things as possible, a bottle of Vichy and some olives."

He began to set down some figures, and when Ephraim came, shaking his head to himself about such things as cold dumplings at night, Allison stopped for ten minutes, and lunched with apparent relish. At seven-thirty he called Ephraim and ordered a cold plunge and some breakfast. He had been up all night, and on the map of the United States there were penciled two thin straight black lines, one from New York to Chicago, and one from Chicago to San Francisco. Crossing them, and paralleling them, and angling in their general direction, but quite close to them in the main, were lines of green and lines of orange; these three.

Another day and another night he spent with his maps, and his books, and his figures; then he went to his broker with a list of railroads.

"Get me what stock you can of these," he directed. "Pick it up as quietly as possible."

The broker looked them over and elevated his eyebrows. There was not a road in the list which was important strategically, but he had ceased to ask questions of Edward Allison.

Three days later Allison went into the annual stockholders' meeting of the L. and C. railroad, and registered majority of the stock in that insignificant line, which ran up the shore opposite Crescent island, joined the Towando Valley shortly after its emergence from its hired entrance into New York, ran for fifty miles over the roadway of the Towando, with which it had a long-time tracking contract, and wandered up into the country, where it served as an outlet to cer-

tain conservatively profitable territory.

The president reached for his gavel and called the meeting. The stockholders, gray and grave, and some with watery eyes, drew up their chairs to the long table; for they were directors, too. They answered to their names, and they listened to the minutes, and waded mechanically through the routine business, always with their gaze straying to the new force which had come among them. Every man there knew all about Edward E. Allison. He had combined the traction interests of New York by methods as logical and unsympathetic as geometry, and where he appeared, no matter how pacific his avowed intentions, there were certain to be radical upheavals.

Election of officers was reached in the routine, and again that solemn inquiry in the faded eyes. The "official slate" was proposed in nomination. Edward E. Allison voted with the rest. Every director was re-elected!

New business. Again the solemn inquiry.

"Move to amend Article Three, Section One of the constitution, relating to duration of office," announced Allison, passing the written motion to the secretary. "On a call from the majority of stock, the stockholders of the L. and C. railroad have a right to demand a special meeting, on one week's notice, for the purpose of re-organization and re-election."

They knew it. It had to come.

Edward E. Allison waited just long enough to vote his majority stock, and left the meeting in a hurry, for he had an engagement to take tea with Gail Sargent.

He allowed himself four hours for sleep that night, and the next afternoon headed for Denver. On the way he studied maps again, but the one to which he paid most attention was a new one drawn by himself, on which the various ranges of the Rocky Mountains were represented by scrawled, lead-penciled spirals. Right where his thin line crossed these spirals at a converging point, was Yando chasm.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel,' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unshiny eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is a formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

"They say that the advent of the 'sentinel' tablet as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives. Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the 'cathartic habit.' Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred to the action of the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentinel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found—Druggists Review."

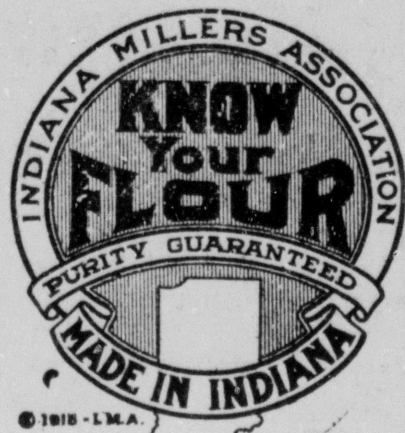

"Couldn't Think of It," Declared Wilcox, Looking at the Map.

a pass created by nature, which was the proud possession of the Inland Pacific, now the most prosperous and direct of all the Pacific systems; and the Inland, with an insolent pride in the natural fortune which had been found for it by the cleverest of all engineers, guarded its precious right of way as no jewel was ever protected. Just east of Yando chasm there crossed a little "one-horse" railroad, which, starting at the important city of Silverknob, served some good mining towns below the Inland's line, and on the north side curved up and around through the mountains, rambling wherever there was freight or passengers to be carried, and ending on the other side of the range at Nugget City, only twenty miles north of the Inland's main line, and a hundred miles west, into the fair country which sloped down to the Pacific. This road, which had its headquarters in Denver, was called the Silverknob and Nugget City; and into its meeting walked Allison, with control.

His course here was different from that in Jersey City. He ousted every director on the board, and elected men of his own. Immediately after, in the director's meeting, he elected himself president, and, kindly consenting to talk with the reporters of the Denver newspapers, hurried back to Chicago, where he drove directly to the head offices of the Inland Pacific.

"I've just secured control of the Silverknob and Nugget City," he informed the general manager of the Inland.

### Better Cake with Indiana Flour

Try this recipe for White Cake: 1 1/2 cups granulated sugar; 1/2 cup butter, scant; 1 cup milk; 1 teaspoonful vanilla; 2 1/2 cups sifted Indiana flour; 1 heaping teaspoon baking powder; whites of 4 eggs. Mix ingredients in order named. Ice as desired.

"Know Your Flour—Made in Indiana"

## Why Indiana Flour Is Best

Indiana flour is the easiest of all flours to handle. The dough requires less kneading and rises more quickly. The bread retains the fine natural flavor of the wheat. It contains more nutrition and greater food-value. It keeps fresh and moist longer.

When you use Indiana flour, you have easier baking and better bread. You get the very best and your money is kept at work in your own community where it will continue indirectly to benefit you.

FREE

Test Indiana flour in your kitchen. By insisting upon this label, you will get a flour of guaranteed purity and quality that will mean success in every kind of baking.

Get FREE this beautiful book, "Better Baking with Indiana Flour," with many splendid recipes. Ask for it from any mill licensed to use the "Know Your Flour" label.

## HOT BISCUITS TODAY

One of the most appetizing things that has ever come from the oven is the light, flaky, hot biscuit, with a crisp, brown crust, served either with rich butter alone, or with the addition of honey, jelly, jam, syrup or marmalade.

Some people have the idea that hot breads are not healthy—that in many cases they are positively injurious. The fact is that, when hot biscuits are properly made, the most delicate stomach will suffer no ill effects from them.

In making biscuits, it is very important to use good ingredients, especially good flour and a good leavening agent. The leavening agents used are either soda or baking powder, the latter being most common.

Here is a splendid recipe for Baking Powder Biscuits, which any housewife can use easily and successfully:

2 cups flour  
1 teaspoonful of salt  
4 teaspoonfuls of baking powder  
4 tablespoonfuls of shortening  
1/2 cup of milk or water.

Sift the dry ingredients together. Add the shortening, using either lard or butter. If lard is used, the biscuits will be very white in color. Butter will make them a creamy yellow. After the shortening, add the milk. Mix thoroughly. Place on board and roll to about 1/4-inch thickness. Cut out biscuits to size desired and bake in a hot oven for from 15 to 20 minutes.

This recipe will make about 14 biscuits, two inches in diameter.

It is better if the biscuits are made small and not thick. If they are too large or too thick, the outside will brown before the center is thoroughly baked. The dough should never be more than 1/4-inch in thickness and the biscuits from one to two inches in diameter.

If water is used as the liquid, the biscuits will be finer grained and whiter in color than when milk is used, but they are not of as high food value and they will not brown so nicely.

Biscuits should never have more flour used in them than is absolutely necessary to make it possible to roll them out on the board. The softer the dough, the more tender the biscuit. When too much flour is used, they are inclined to be dry and tough.

**Seymour Temperatures.**  
The following are the maximum and minimum temperatures as shown by the government thermometers at the Seymour volunteer weather observation station and reported by J. Thos. Hays, observer. The figures are for twenty-four hours ending at noon:  
Max. Min.  
September 9, 1915. 90 67

**Weather Report.**  
Generally fair tonight and Friday. Slightly cooler tonight.

**Large Enrollment.**  
The enrollment at the German Lutheran school, this city, numbers 198 and is the largest in the history of the school. Twenty-eight new pupils were enrolled at the beginning of the term. The total enrollment last year was 186. The term's work is progressing nicely.

**Study Hours.**  
The Presbyterian pastor will be in his study from 8 a. m. until 2 p. m., except the noon hour. He will be glad to meet all who wish to see him on matters pertaining to the church work.

# REPORTS FILED BY FOUR TOWNSHIPS

Trustees Record Tax Levies with Auditor as Fixed by the Advisory Boards.

## TAX RATES ABOUT THE SAME

No Time Specified When Reports Shall be Filed But All Are Expected in Soon.

Within a few days the tax levies for the various townships will be placed on file with the county auditor by the township trustees. The levies are fixed by the several advisory boards and the reports will be filed by the trustees. There is no specified time in which such levies must be filed and today only four township trustees had reported.

The county council fixed the tax rate for the county at 40.5 cents on the hundred dollars which is the same as last year. The tax for the sinking fund which is used to pay off the bonded indebtedness and interest when due was fixed at 5.4 cents on each one hundred dollars.

The various tax rates fixed for the four townships that have reported are:

Driftwood: township tax, .09; road tax to be worked out, .05; additional road tax to be paid in cash, .05; special school tax, .30; tuition fund, .30; school debt, .29; 50 cents on poll for special school fund.  
Washington: township tax, .20; road tax, .20; additional road tax, .10; special school, .09; tuition, .10; township poor, .02; poll 25 cents.  
Grassy Fork: township tax, .16; road tax, .10; additional road tax, .10; special school, .20; tuition, .25; library, .02; poll 25 cents.  
Brownstown Township: township tax, .12; additional road, .03; special school, .27; tuition, .15; township poor, .06.

## LIBRARY NOTES.

Books added this week.  
Colby.—Der Lehrer; designed for imparting a practical knowledge of conversational German.  
Merwin.—Honey Bee. It's all unusually interesting; sane human nature without any morbid psychology. While in Paris on a business trip, a fine woman nearing middle age realizes that she is restless, stale, unsatisfied. She interests herself in some chance acquaintances, a dancer, a prize fighter, the baby of an actress who is very ill, and the man she has loved since girlhood. Her experiences, gay and sad, widen her sympathies, work out her problem and make a bigger woman of her.  
A. L. A. Booklist.  
Rice.—Sandy.  
YOUNG PEOPLE'S BOOKS.  
Danielson.—The Animal School. To read to the little tots.  
Dodge.—Donald and Dorothy.  
Eggleston.—Hoosier School-boy. By the author of the Hoosier School-master.  
Fuller.—Book of Friendly Giants. No cruel ones admitted.  
Rice.—Lovey Mary. Always a favorite.

Circulation of books for August, 1915, 1,744 volumes. Circulation of books for August, 1914, 1,445 volumes. Note the gain.  
OF INTEREST TO TAXPAYERS.  
The state report of the Bureau of Statistics for 1913-1914 gives several comparative tables of interest just now to citizens of Seymour. These figures include the tax levies and assessments for all counties, townships and cities of this state, also the indebtedness of the cities, and their receipts and expenditures. There is much more of interest to you.

## PORTABLE HOUSES FOR WAR.

Chicago Firm Has an Order to Fill in America For the Allies.  
Interest in the report that the French and Russian governments were planning to purchase in this country 50,000 portable wooden houses was renewed on the receipt in the Chicago lumber market of letters requesting the submission of sample structures, together with prices.  
The specifications call for houses 12 by 30 feet in size, divided into three rooms, the sample house submitted to be built in four foot sections. The awarding of such a contract would create an enormous demand for shorts and be of general benefit to the lumber industry.

Herman Chambers, proprietor of the Palace Restaurant, has opened up a restaurant and lunch room at North Vernon. Mr. Chambers' new place is styled the Palace Lunch Room, and is located on Fifth street, next to the Philbarg theatre. It is modern in every respect, clean and sanitary to a very noticeable degree, and a very attractive room. Mr. Chambers says that the same service that has made the Palace so popular with the local and transient trade here will be in effect at the North Vernon restaurant.

"The Exposition's First Romance" is the title of a five reel specialty secured by the Majestic Theater for September 23.

Which Will You Have?

Both Are Good!

## NEWSY PARAGRAPHS.

George Rhine was arrested last night for intoxication.

C. E. Herth, C. S. Mercer and L. C. Griffiths went to New Albany yesterday and returned with Mr. Herth's new Studebaker touring car.

Myrtle Hattabaugh, daughter of Mr. and Mrs. Aaron Hattabaugh, of Vallonia, underwent an operation for appendicitis at the Schneck Memorial hospital this morning.

Oscar B. Abel has been named as special judge to hear the cases of Howard Railing and Harry Heuser, who have been charged with gaming. The trials will be held Friday afternoon at 2 o'clock.

The State Fair at Indianapolis continues to attract big crowds from this section of the state and all trains and limited cars have been crowded today with those eager for a look at the pumpkins, the prize cattle, the farm implements, the fast horses, and—perchance—the attractions along the Midway.

The North Vernon Chautauqua closed Wednesday night with a concert by the Bohemian Orchestra and an address by Hon. J. Adam Bede, of Minnesota. The five day program furnished by the Redpath Chautauquas proved excellent and was well received by the North Vernon people, who lost no time in signing a contract for next year. This was the first chautauqua to be held there.

J. F. Tunley, of the Ahlbrand Carriage Co., accompanied several Southern Indiana and Kentucky dealers to the State Fair at Indianapolis, where they will see the latest designs in carriages at the Ahlbrand exhibit. The local firm always has a most creditable exhibit at the Indiana Fair, as well as the Illinois and Kentucky Fairs, and always books a good number of orders as a result of their display.

## Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Sold only by us, 10 cents. H. H. Carter Drug Co.
